

ROLLER SHUTTERS

Roller Shutters are tough physical barriers that provide a strong visual deterrent and offer maximum window or door protection and security from theft and vandalism.

- A range of roller shutters available from a budget manual roller shutter to a high spec, police tested and insurance approved automatic shutter.
- The shutters neatly fold away above the windows or doorway, keeping them out of sight whilst your premises are in use. They are a discreet and tidy solution for your business or home.
- Available in a range of styles and finishes including steel and aluminium as well as sound insulated and fire rated versions.
- All of our shutters are custom engineered to suit the application and level of security required. They are tough and have a long life with little maintenance required.

Application

Our Roller Shutters are suitable for internal or external installation to protect windows and doors.

Ideal for retail, commercial and domestic premises requiring a high level of security.

Specification

Thicker and stronger than the market standard. Manufactured using 20 gauge galvanised steel, for maximum strength and security.

Available in a range of styles and finishes

Guaranteed against defect of material or workmanship, subject to correct installation, maintenance and operation, for a period of 12 months from date of purchase."
