

HAMMERGLASS Mirrors

Hammerglass Mirrors are designed to reduce the cost of vandalism and increase personal safety in sensitive or public environments.

- A unique nano-technology coating, resistant to chemicals and most acid attacks, allowing for graffiti and other dirt to be removed.
- Available in standard sizes but can be supplied custom-made according to required measurements.
- Does not contribute to the spreading of flames in a possible fire.

Product Size	Price
500mm x 750mm	£106.00
500mm x 1000mm	£137.00
750mm x 1000mm	£194.00
